

Their efforts ultimately paid off in 1942 when Community Memorial Hospital, as it was then called, opened its doors.

Throughout its history, CMH has often had to overcome challenges that health care providers in major metropolitan areas do not face. Rural health care providers like CMH often have more difficulty recruiting staff. They also serve a larger geographical area than their counterparts in more urban areas. Despite these challenges, over the years CMH has developed into a first-class health care facility, offering excellent health care services to my constituents.

Today, CMH is a 96-bed general hospital with 46 beds for medical and surgical patients, including a four-bed intensive care unit and a six-room Family Life Obstetric Center. CMH also offers emergency care, 24 hours a day and 7 days a week. The hospital's urgent care walk-in clinic is also open every day in the health center.

CMH also offers both inpatient and outpatient services in surgery, laboratory, cardiopulmonary, X-ray, nuclear medicine diagnostic ultrasound, CT scanning, MRI, mammography, bone densitometry, and physical therapy. The hospital's medical staff includes specialists in the areas of anesthesiology, cardiology, emergency medicine, dermatology, family medicine, internal medicine, general surgery, obstetrics and gynecology, neurology, otolaryngology, pediatrics, oncology, urology, radiology, ophthalmology, orthopedic surgery, oral surgery and pathology.

The hospital has also dedicated a great deal of effort and time towards educating members of the community about important health issues. CMH offers several free classes in smoking cessation and in diabetes education. Childbirth education classes have also been recently re-introduced, providing important education to expecting parents.

CMH has registered pharmacists on staff at CMH and available around the clock. The hospital houses audiology and speech therapy services.

Thanks to generous donations and support from the community, the hospital continues to improve, with several recent additions. The hospital recently updated their Intensive Care Unit Family Waiting Room. The hospital also enjoys a newly expanded Nurses' Station. Remodeling work and technology updates are also being made in the Radiology Department. Other projects to help grow and improve the hospital remain on the horizon, including plans for developing a Cardiac Wellness Center.

CMH describes its own greatest asset as the dedicated men and women who work in the hospital to care for their friends and neighbors. The hospital is currently the largest employer in Cheboygan County with over 500 employees on the payroll.

Throughout the years, the hospital's leadership has set the tone of excellence that defines CMH. Today, the hospital is led by President and CEO Barbara Cliff; Board of Trustees Chair Michael Konicki; and the President of their Medical Staff David Dram, M.D.

In addition to the hospital's 500 employees, who make caring for their neighbors and friends their daily business, the hospital enjoys the support of many tireless volunteers and auxiliary members. Anyone who has spent any length of time in a hospital can attest that the quality of the experience can hinge on the attitude of the caregivers. Those receiving care at

Cheboygan Memorial Hospital are treated by professionals with positive attitudes and warm, kindly demeanors.

Madam Speaker, this year CMH is celebrating "65 Years of Caring." As this institution celebrates 65 years of service to my constituents, I would salute its employees—past and present—the people who make the hospital the excellent caregiver that it is. I would ask, Madam Speaker, that you and the entire U.S. House of Representatives join me in recognizing the fine work of CMH and paying tribute to this important northern Michigan health care provider.

HONORING NATIONAL HIRSCHFELD

HON. MARK UDALL

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 25, 2007

Mr. UDALL of Colorado. Madam Speaker, I rise today to acknowledge the 100th anniversary of National Hirschfeld Press, Inc. in Denver, Colorado. National Hirschfeld is the largest digital and commercial printing company in the western United States.

National Hirschfeld was opened in 1907 by A.B. Hirschfeld with only a \$35 hand press, which still sits in their lobby today. Only 19 years old at the time, A.B. Hirschfeld used his experience from working at his brother's print shop in Cincinnati to make National Hirschfeld a success.

The company eventually became a family business, spanning three generations, all of which have contributed greatly to the economic and social fabric of Colorado. A.B. Hirschfeld's son, Edward, carried on the family tradition, and started working at the store when he was 15 years old. Now, A.B.

Hirschfeld is run by the third generation of printers, represented by Barry Hirschfeld. In December 2005, this family-owned printing store expanded by merging with two other printing companies to become National Hirschfeld.

Through the years, National Hirschfeld has made significant contributions to Colorado. The company has published inaugural programs for the Denver Bears, the Denver Broncos and the Colorado Rockies.

The Hirschfeld family has also been involved in many philanthropic efforts in Denver. They are a genuine all-American success story.

Madam Speaker, I ask my colleagues to join me in acknowledging National Hirschfeld and their employees for their commitment to uniquely serving their community. I congratulate all of them and wish the company another 100 years of success.

THE FREE SPEECH HYPOCRISY AT GEORGE WASHINGTON UNIVERSITY

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 25, 2007

Mr. POE. Madam Speaker, it's Islamo-Fascism Awareness Week. This week involves events on college and university campuses across the Nation to promote awareness of the ideology that motivates terrorist groups like al Qaeda and Hamas.

While this event has sparked free speech debates on college campuses across the country, it has also revealed hypocrisies that exist in "free speech."

On October 8th, antiwar student activists covered the George Washington University campus with anti-Muslim posters. We now know that this was a hoax targeted at conservative student-members of the Young America's Foundation. Right after the posters appeared on the campus, the George Washington University Student Association Vice President, Brand Kroeger said he "would support expulsion" of the responsible students.

The George Washington University Administration brought the conservative students into its office, presumed the students were guilty, and pressured the students to sign a statement disavowing hate speech. The students refused to sign the statement and said they were innocent. The students were then dragged before a university "peace forum" and subjected to heckles from their fellow students. After all of this, 7 antiwar activist students took responsibility. These 7 students said the entire event was just a hoax. Guess what happened to the 7 responsible students? Nothing! No disciplinary action at all! The hypocrisy at American universities is appalling. If you are a liberal student, you can say anything. If you are a conservative student, you are denied free speech by the public university.

It seems that if you have one viewpoint, universities will punish and ridicule you, but if you agree with the universities, you'll be able to say whatever you want. There doesn't seem to be any equal opportunity in free speech on college campuses.

Colleges and universities preach liberal viewpoints without presenting the other side.
